

# AUCTION BROCHURE 2023

## A MESSAGE FROM TGF BOARD OF TRUSTEES

TGF was formed in 2008 with the hope of significantly improving the lives of people in Chi Kraeng district, one of the poorest parts of rural Cambodia. We started by building a health centre in a remote commune and worked to improve basic infrastructure in the area. Local authorities saw the benefits of this and began to prioritise infrastructure. This allowed us to work on some less-seen interventions – improving the quality of water and sanitation for households, and strengthening the capacity of local health center staff and school teachers in delivering adequate health and education services.

Today, we are proud to say that 88% of people in our target area have access to latrines, compared to 11% when we started. We have also installed over 700 wells in 59 villages, providing access to clean water to over 25,000 people.

With our support in health education and child growth monitoring has resulted in a 50% drop in malnutrition rate.

Our work with children's education began with the construction of a school in Dang Pa'av. Like our early infrastructure work, we soon realised that building a school and getting teachers and students to participate are two separate challenges. By focusing on supporting early childhood education and primary education, we have seen rates of primary school graduation rise consistently. Now, almost all students in our target area are able to progress to secondary school.

Our development of local savings groups led to the formation of our Income Generation programme, which initially aimed to provide access to affordable micro-finance for communities in Chi Kraeng. Currently, the programme provides villagers income-earning opportunities through diversified agricultural methods and empowers entrepreneurial locals to pursue business opportunities.

While the work we have done has greatly benefited the Chi Kraeng district, there is still plenty more work to be done. The COVID-19 pandemic has wrought many challenges for us as an NGO and for the villagers in the areas that we support. Corporate sponsorship has become more difficult, and being unable to hold any fundraisers over the last two years has caused our total funding to be reduced significantly. The lack of tourism in Cambodia has reduced household income for our villagers, which has led to an impact on nutrition. Schools being shut for extended periods has taken a toll on children's education, and lockdowns have meant that our staff have been unable to physically visit villages and provide the support they need.

This year's fundraiser is therefore incredibly important for TGF and the communities that we support. Every dollar donated will go a long way, so please dig deep! We hope you have a great night and thank you very much for your support.

- The TGF Board of Trustees, Staff, and communities in Chi Kraeng district

## SUPPORT TGF DIRECTLY

Our work in Cambodia is funded entirely by private donations, as the foundation currently does not receive government funding. We work hard to ensure that every penny given is used to make a difference in the lives of the villagers we help. You can make a one-off donation or set up recurring donations by using BT MyDonate, which adds 25% on top of your donation in the form of Gift Aid.

#### YOUR DONATION OF HKD 2,000 WILL:

- Ensure that children in 4 remote villages are immunised against life-threatening diseases.
- Help build 2 wells providing clean water to 10 families.

#### YOUR DONATION OF HKD 4,000 WILL:

- Provide a primary school with a microfiber water filtration system, providing clean drinking water to 300 students.

Visit [www.tgfcambodia.com](http://www.tgfcambodia.com) to donate.

If you'd like to suggest or request for any other fundraising activities, please approach any TGF team member – we'd love to hear your thoughts!
